COMMENTS ON THE CAVE DIVING SECTION AND ITS MEMBERSHIP

You have before you the 2nd annual membership roster of the Cave Diving Section. We have converted the membership files from one computer system to another, and this always creates the opportunity for the gremlins to introduce new errors into the membership files. Please take the time to verify your own information as well as that of anyone else that you may know of. We are always striving to improve the quality of our information. We would like to have NSS numbers and telephone numbers for all of our members, but that does not seem to be our fate. Most of our new members join both the N.S.S. and the Section at the same time, so their N.S.S. number is not known at the time they join. It is interesting to note that the Florida contingent is slightly less than 50% of the active membership.

If anyone is trying to contact a present or former member of the Section, please feel free to contact me at (813) 681-3629 in the evenings and I will be happy to assist if possible. As always, we will try and update the mailing list at each workshop so as to have the most current information possible. If you should move, please let us know so that your newsletter is not interrupted - WAYNE MARSHALL
